BlackLine - Collezione

Alfa *GT*

Alfa *GT* BlackLine

Today is another day

Imposing, gritty, proud.

A glance and a change of mind: it's ready.

It's ready to cover countless kilometres,
and reach distant destinations.

The horizon is the next stop.

BlackLine

Alfa *GT* BlackLine

Brings out character

The Alfa GT BlackLine takes to the road with an even more decisive character. With richer details, enhancing the essence of a sporty saloon in which comfort and performance, space and safety live side by side.

For the Alfa GT BlackLine, every day presents a new challenge.

And no challenge has ever been more gratefully accepted.

Alfa *GT* BlackLine

Distinguishing marks: everything

The compact, muscular lines now features new elements, such as the BlackLine design 18" alloy wheels. At the front, the radiator grille, 'whiskers' and wing-mirrors have a satin finish giving an original contrast with the body colours, while at the rear, the twin tailpipe is chrome-plated. Two-colour upholstery, in a choice of Black/Red fabric or Black/Red or Black/Grey leather. The gear lever is in hi-tech stainless steel, with extremely precise gear shifts. The aluminium pedal set also has a distinctly sporty feel to it. Everything on the inside suggests perfect harmony: instrument panel with a red background and white illumination, an Anthracite centre cabinet, mats with the Alfa GT logo, and a screen-printed kick-plate. Because sportiness means control of every detail.

Wing mirrors with satin finish

Twin chromed exhaust pipe tips

BlackLine design 18" alloy wheels

Leather steering wheel and instrument panel with red background

Two-colour leather seats with Alfa Romeo logo

Aluminium sporty pedal set and screen-printed kickplates

Alfa *GT* Collezione Rational chic

Sophisticated enough to offer even more comfort and performance. Magnificent on the road, it attracts attention wherever it goes, without overlooking the sporty soul of Alfa Romeo.

COLLEZIONE

Alfa *GT* Collezione

The sense of luxury

With the Alfa GT Collezione, the luxury of being admired lives side by side with on-board wellbeing. Lavish details and refined comfort.

A car dedicated to all those who demand the very best in terms of sporting elegance and satisfying driving pleasure, in every sense.

Alfa *GT* Collezione Travelling in style

The Alfa GT Collezione attracts attention. Thanks to the chrome finish on the radiator grille, bumper and twin tailpipe. A glance at the side reveals 17" alloy wheels with a special Collezione design.

On the inside, attention to detail is the watchword, with two-colour upholstery, in Blue/Cream fabric and Blue/Cream or Black/Cream leather, for a touch of refined sobriety.

The gear lever is in stainless steel, a real gem placed discretely between the front seats and the anthracite-colour centre cabinet. The look is completed by the body-colour dashboard, mats with the Alfa GT logo and screen-printed kickplates.

This is the Alfa GT Collezione, the seduction of beauty, the comfort of exclusiveness. Bon voyage.

Chromed grille and 'whiskers'

Twin chromed exhaust pipe tips

Stainless steel gear lever knob

Leather steering wheel and instrument panel with white background

Two-colour leather seats with Alfa Romeo logo

Screen-printed kickplates and mats

EXTERIOR:
